Electrical Safety Check Certification

Inspection date	Wednesday 6 May 2026
Next inspection due	Friday 5 May 2028
Signed at	6 May 2026, 06:44 pm

Certification notes

Non-compliant demo response. Rectification or follow-up is required.

Inspector Observations and Suggestions

Generated non-compliant demo report using local assets.

Declaration and Certification

This electrical and smoke alarm report summarises the inspection findings and certifies that the attending technician has performed the required checks and recommendations recorded below.

- AS/NZS 3000 Wiring Rules
- AS/NZS 3017:2022 Electrical Installations
- Residential Tenancies Regulations 2021

I certify that this inspection has been conducted by a qualified inspector and the information contained in this report is true and accurate to the best of my knowledge at the time of inspection.

Inspector Certification:

Inspector Name:
Demo Technician
Date: Wednesday 6 May 2026

Next Compliance Schedule

Next Inspection Date	Saturday 6 May 2028
Regulations	This electrical safety check has been completed in line with the Residential Tenancies Regulations 2021 and AS/NZS 3019: Electrical Installations — Periodic Verification. It ensures the property's electrical system is safe and free from damage or deterioration that could pose a risk. Any defects or safety concerns identified during the inspection are reported for corrective action.
